The Lucky F*cker TC Softail Conversion Kit

Are you ready to turn your run of the mill, everyday Softail into something cool that will turn heads and grab attention? With the Lucky F*cker conversion kit, the transformation from stock to custom can be done easily and quickly. The Lucky F*cker kit consists of a custom gas tank, tank adapter, a solo seat kit, swingarm mounted 'rigid-style' rear fender and fender struts. These parts are as 'bolt-on' as you can get for a kit that will transform your bike as drastically as the Lucky F*cker will. Each part was designed to work together or can be used as stand-alone components, giving you the creative lead while building your custom vision without breaking the bank.

Custom Gas Tank

The Lucky F*cker tank is designed for easy 'bolt-on' installation when used with the tank adapter CCI #641905 (sold separately) on any 00-11 carbureted/EFI Twin Cam Softail or custom applications. Tank comes complete with offset fuel bung and custom mini gas cap. EFI fuel tank requires additional purchase of 653430 and 653431.

641900	Lucky F*cker Gas Tank	299,00€
641906	Lucky F*cker Gas Tank for EFI Models	299,99€
641908	Lucky F*cker replacement gas cap	39,99€
653430	Fuel pump to be used with 641906 (repl. OEM 75268-07)	579,00€
653431	Fuel pump gasket for 653430 (repl. OEM 75301-07)	31,49€
653432	Fuel pump screw for 653430 (5 needed repl. OEM 1081A)	0,75€

Softail™ Tank Adapter

This part makes installing a custom gas tank onto your 00-11 Twin Cam Softail as easy as removing the stock tank and bolting this adapter on. The adapter bolts-on to the stock mounting points and has a mount built into it for the OEM ignition switch. You can bolt the Lucky F*cker tank directly onto it or you can fabricate your own tank for a pure custom look.

641905	Lucky F*cker Gas Tank Adapter	99,99€

'Rigid-Style' Rear Fender & Struts

The perfect way to give your Softail that 'Old School' rigid look. Designed to fit Softail models from 00-11 (with 150/200 mm rear tire) and custom applications. Installation of the fender will require the separate purchase of a set of chrome or raw fender struts or you can custom build your own.

641901	Lucky F*cker 7.25" wide rigid-style fender (150 mm rear tires)	179,99€
641907	Lucky F*cker 9" wide rigid-style fender (200 mm rear tires)	199,00€
641902	Lucky F*cker rigid-style fender struts, chrome (pr)	49,99€
641903	Lucky F*cker rigid-style fender struts, raw (pr)	34,99€

The Lucky F*cker Softail Solo Seat Kit

The perfect accessory to the rigid fender kit since your stock seat will no longer fit. This seat completes the transformation of your Softail to a pure rigid-look. The seat is solid mounted to keep you as low to the ground as possible. Seat kit comes complete with a raw steel seat pan and all necessary mounting brackets and hardware. Designed to fit FX Softail models (except Deuce) from 00-06 and FL Softail models from 00-11.

641904	Lucky F*cker Solo Seat kit	179,99€
